Worse by far than a certain Nevada Eating House where a tramp was in the act of walking out without paying. The above named instances of cooking depravity are much to be deplored. A recent change in the Proprietorship of the ASTOR HOUSE (at all times famous for good grub) enables the management to greatly facilitate the suppression of such villianous systems of careless cooking which tend in such a marked degree to destroy the Human Digestive organs. Upon all occasions it will be found a real luxury to step into our Dining Parlors (no flies) and there partake of a savory meal cooked by our Champion Chef.
